

Major Entrance Scholarships

Applications for Major Entrance Scholarships require a reference letter. The reference letter can come from a high school guidance counsellor, teacher, or school administrator. You may also submit an optional additional reference letter from a person who can speak to your character and/or community involvement (e.g., volunteer coordinator, coach, mentor, employer, etc.). The optional reference letter can also come from high school guidance counsellor, teacher, or school administrator.

Be mindful and selective of who you ask to write a reference letter for you. Always ask permission in advance so that they know to expect the request.
