SAMPLE COURSES

Anthropology - International Field School ANTH-4230 (6): This field school in Archaeology and Bioarchaeology provides in-depth training in excavation, documentation, and analysis of material from an archaeological site and is typically located outside Canada (previous sessions were held in Serbia and Jamaica). Undergraduate students from University of Winnipeg are given preference in registration, however, the field course is open to upper undergraduate and graduate students from other universities.

Radiation Therapy Program Clinical Education Courses I VI (CCMB-2904, 3914, 3924, 3934, 3944, 4902): Students must first complete 24 credit hours of Pre-Radiation coursework and then apply for admission to the Radiation Therapy program through UWinnipeg. The student is then assigned to a
